

Join Us for a Public Meeting

The Town of Fort Myers Beach invites you to a pre-construction public information meeting to learn about proposed improvements on side streets as part of the Phase 4 outfall projects. This month, crews will begin installing storm drain pipes and outfalls on streets in Laguna Shores. Streets include Lagoon Road, Redfish Road and Tarpon Road. The existing storm drain system on Buccaneer Drive between Lagoon Road and Tarpon Road will be cleaned and storm drains will be added. New water main and storm drainage will be installed on Lenell Road later this year. This meeting is your opportunity to speak with the project team, view plans and ask questions about the proposed improvements.

TIME	4:30 to 6 p.m. (open house) 5 p.m. presentation
DATE	Tuesday, September 24, 2019
PLACE	Fort Myers Beach Town Hall 2525 Estero Boulevard, Fort Myers Beach, FL
