Contractors for the Town of Fort Myers Beach and Lee County are installing new water main, sanitary sewer force main, storm drainage, and sidewalk and rebuilding roadway on Estero Boulevard from Strandview Avenue/Publix to the south end of the island.

Two travel lanes are expected to remain open the majority of the project; however, motorists may experience daytime or nighttime one-lane traffic on Estero Boulevard. Flaggers will alternate traffic frequently, but motorists should expect delays. Motorists may also experience momentary delays while crews move materials for the construction activities. Crews are expected to work Monday through Friday and some Saturdays. Construction will be year-round. *This schedule may change due to underground conditions and inclement weather.*

Changes shown in orange.

#### Construction in Progress

Segments 3 & 4 (Strandview Ave/Publix to Albatross Street) and Segments 5 & 6 (Albatross Street to the end of the island)

#### UPDATES BY AREA

##### Segment 3 & 4 - Strandview Ave/Publix to Albatross Street

**Strandview Avenue to Lazy Way** - Motorists may experience intermittent closures while crews work on the center lane drainage system.

**Lazy Way to Aberdeen Avenue** - Northbound traffic is shifted to the center lane for installation of conduit, forming of the concrete curb and sidewalk, and to rebuild roadway on the bay side.

**Aberdeen Avenue to north of Mound Road** - Southbound traffic is shifted to the center lane while crews install concrete curb and sidewalk, and rebuild roadway on the beach side.

**North of Mound Road to Flamingo Street** - The center lane is closed for storm drain installation.

- Barrels separate the northbound and southbound lanes. Motorists should expect to make U-turns when accessing properties on the opposite side of the road from the travel lane. Motorists exiting side streets and driveways from north of Mound Road to Flamingo Street must make right turns onto Estero Boulevard and then make a U-turn.

**Flamingo Street to Albatross Street** - North and south bound traffic is shifted to the bay side while crews install storm drainage, conduit, concrete curb and sidewalk, and rebuild the roadway on the beach side.

Changes shown in orange.
